A Brief Chronology of Cocaine Anonymous®  
(Preliminary Notes, January 2016)  
Compiled by Rita A. Chaney

There is a robust body of literature on the history of Alcoholics Anonymous and a growing body of publications on the history of Narcotics Anonymous, but extensive histories have yet to be compiled on the other Twelve Step addiction recovery mutual aid fellowships (See Addiction Recovery Mutual Aid Chronology). To add to historical chronologies and papers on recovery mutual aid groups posted on this website (www.williamwhitepapers.com), Rita Chaney, my research assistant, prepared the following preliminary chronology of Cocaine Anonymous drawn from the published literature and sources available within the Illinois Addiction Studies Archives. The notes include contradictory information that require confirmation and disconfirmation by future researchers. We hope to follow up this chronology with interviews with others who can provide additional information on the history of CA.

This preliminary chronology (and the posted CA bibliography) provides scholars interested in doing research on CA with starting points for their investigations. We will continue to expand and correct this chronology as our own work progresses.

A Note on Accuracy: The reader should remember that these preliminary notes include contradictory accounts of some events. We included conflicting information with citation of sources from published accounts and transcribed interview so all would be available for later fact-checking.

A Note on Names: Respecting the anonymity tradition of CA, first names and last initials are used to designate CA members within this history.

Cocaine Anonymous History Milestone Notes

1982
- The first meeting of CA is held November 18th (2, 18) in Los Angeles [Hollywood], California. (1) (3) (4)(6) (7) (8) Veronica is the secretary and calls the meeting to order (3) with a gavel and announces, “Welcome to the first meeting of Cocaine Anonymous, a fellowship of men and women who share their experience, strength, and hope with each other.” (2)
- Shortly afterwards, a local closed CA meeting in a hospital (patients only) changes to an open meeting, marking the second CA meeting. (2)
- Cocaine Anonymous is “formed” on November 23, 1982 by its founding members Johnny S., Ray G., and Gilbert M., all from Los Angeles, California. Tom K., the owner of an “entertainment industry sober living facility called “Studio 12” identifies the need for a group for cocaine-addicted people to talk about their struggles and sobriety. (16)
First words spoken at the first Cocaine Anonymous meeting are, “Welcome to the first meeting of Cocaine Anonymous, my name is ___________. Are there any other addicts present?” (16). The number attending the first meeting has been variably reported as fourteen (17) and nineteen (38).

An attendee of the November 16, 1982 meeting starts another CA meeting on Saturdays in the Valley. (21)

A Hospital (21), Beverly Glen on La Brea, holds closed meetings on Wednesday nights only for patients, using the name, Cocaine Anonymous, but after the first November 1982 CA meeting took place, Beverly Glen opens up their meeting on Wednesdays for everyone. So, within a week of starting, there were two Cocaine Anonymous Meetings by the end of Nov. 1982. (3)

Johnny S.: “We were getting a lot of abuse from members of the other fellowships and because they felt that we were, either they didn’t want us in the meetings or they felt that we were starting something that we had no business starting or there was a lot of controversy in the very beginning.” (2)

Tom K., an AA member, is a “strong help” to the budding CA group. He helps find rooms for meetings, set up work committees and shows them how to do a directory and get things organized. (2)

In the first year of CA, the fellowship exceeds 2,000 members. (8)

Late 1982 or Early 1983

Ray G. is in charge of the Cocaine Anonymous phone number. It rings on an answering machine in a small Beverly Glen Hospital room and Ray G. returns all calls. The room and phone machine are provided by Beverly Glen Hospital. (3)

1983

CA sets up a hotline phone number during the first year. Ray G. manages the hotline for the first year. “If any of you called in the first year of existence of Cocaine Anonymous and talked to the man on the telephone, that was Ray. Ray took all the calls for the first... year of Cocaine Anonymous.” (2)

Ray G.: “I was sober seven months but I was running the hotline and I was still using.” (2)

The phone is “put in by the hospital.” [Beverly Glen] The hospital paid for the phone. (2)

Ray G.: “I didn’t stay sober but I got into service work.” (2)

Ray G.: In six or seven months’ time, (May/June 1983) CA grows to about 33 meetings, all in the LA basin at the time. (3)

Business meetings occur every Tuesday night at Johnny S.’s house (May/June 1983) to work on the format, steps, traditions, chips, and logo. Meetings go on for hours. (3)

Ray G. and Johnny S. are overwhelmed with handling all the phone calls from people asking questions about how to start a new meeting (May/June 1983). (3)

Johnny S. and Ray G. decide to have a retreat, a “mini-conference” to work specifically on CA business (May/June 1983). (3)

Johnny S. and Ray G. receive a packet from Chicago with a suggested piece of literature which became CA’s first piece of literature. It is titled, To the Newcomer, and is written by Chicago CA members. (Near end of 1983) [It is later re-named Who’s an Addict?] (3)
• “Somebody brought back a pamphlet from Chicago (or maybe it was San Francisco, I don’t know called *To the Newcomer* and that was CA’s first pamphlet. We struggled and wrote *The First Thirty Days.*” (21)
• Within the first year of CA, the Fellowship grows to 30 meetings. (27-statement believed to have been made by Johnny S.)

**November 1983 to October 1984**
• Co-Anon is started by Johnny S.’s wife at the time. It is initially named Coc-Anon. Johnny S. reports his wife would get upset with him about having the meetings at their home all the time and Johnny S. suggests that CA needs a group like Al-Anon and that she should start it. Sometime during the second year of CA, she did. (3)

• Skip, a CA member, is quoted: “Two of the many things that gave impetus to CA was the death of John Belushi and Richard Pryor narrowly escaping incinerating himself. It was Pryor’s accident that brought me around. I read it and said, ‘My God. That could have been me.’” (November 29, 1985). (17)

He doesn’t like patients to dwell on the painful problems of the past as they would in the Cocaine Anonymous program.” (8)

Dr. Ronald Siegel, a psychopharmacologist at the UCLA School of Medicine does not believe a group approach to cocaine difficulties is helpful (January 3, 1984). (23)

Ray, a ceramic tile contractor, is reported as helping to “run Cocaine Anonymous” in an LA Times, January 3, 1984 article. (23)

Ray G. is inspired to develop the CA World Service Organization “17 months” after CA began. (2)

Ray G.: “In July of 1984, we decided to start a world service because it was getting overwhelming for LA to keep trying to build their fellowship and continue to keep in contact with other states who were calling in.” (2) Before this, CA had once monthly GSO meetings and once weekly Board meetings. Ray claims they took AA’s format and developed it into something that would work for CA. (2)

The First CA World Service Meeting is July 25, 1984. (2)

Willie O. is the first Chairman of CA World Service. (2)

January 3, 1984, the LA Times publishes an article about Cocaine Anonymous in LA and lists their phone number--thanks to Tom K., who often helped with media issues. This particular article is “picked up” nationwide and people from all over the US began calling the CA number, many requesting CA starter kits. (2)

At this meeting, the first three trustees of Cocaine Anonymous, Ray G., Johnny S., and Gil M. are selected. (3, 21, 27)

The 1st World Services Conference is held in San Diego, California, February 7-9 [year believed to be 1985]. Conference Committee Chairman Gil M. stressed it is not a convention but rather a business conference to deal with “immediate needs of the Fellowship” and form committees to establish future guidelines. (28)
At the 1st World Services Conference in San Diego, attendees discussed forming the following committees: Conference Committee, a By-Laws Committee, a Literature Committee, a Public Information Committee, and a committee to design and distribute a National Directory. An election of officers is planned to occur prior to the next conference (28).

Johnny S. and his then-ex-wife, Jeannine D. spoke together at the First World Service Convention. (2)

Fifty people at the conference represented 500 from all over the country. (1)

“We decided together to start working more closely with the AA Service Manual because NA just didn’t want anything to do with us. We called AA World Service and they said ‘You’re a cousin fellowship. You’re not a brother fellowship. You’re a cousin and we want you to get the addicts…We felt that NA had been very oppositional in their package that they tried to do it just different and different ain’t always the best. So, we adopted this AA Service Manual to be our workbook. We started our own CA Guide for the working structure.” (1)

Worldwide, there are about 150 meetings in early 1985. At the Convention, 127 are identified. (1)

November 1985 to November 1986
CA spends thousands of dollars hiring a trademark attorney to federally trademark the name, Cocaine Anonymous. They had to “get it back” “because someone in Texas read an article about Cocaine Anonymous and went ahead and federally trademarked the name first.” The Texas person depicts Cocaine Anonymous as a hospital. Miscellaneous Notes with Years to be Identified

• “One day we got a package from Chicago and Chicago [CA] had apparently worked on a piece of literature called, To the Newcomer, that they wanted to suggest that we adopt…it was magnificent.” This is CA’s first piece of literature. (2)
• First Co-Anon meeting is at Beverly Glenn Hospital, Conference Room 2, 8:00 p.m. to 9:30 p.m. on Wednesdays. In those days, it is called, ‘Coc-Anon’.” Johnny S.’s then-wife, Jeannine D. started Coc-Anon. (2)
• In the early days, members attending CA meetings quit cocaine but drink alcohol, smoke marijuana, or take pills. When told they “can’t do that,” the members challenged this and said, “where does it say we can’t use other drugs?” So, Johnny S. and others decided to re-write into the literature that a desire for abstinence from “cocaine and all other mind-altering substances” is the requirement for membership. Johnny S. views this as a turning point within the history of CA. (2)
• The first CA chips are little white squares and it is decided to change them as members had been known to use them to cut cocaine in the place of razors if they relapsed. (2)
• The First CA World Service Retreat is at St. Andrew’s Priory, a Benedictine monk monastery. About 20 people attended it. (2)
• Lionel B. attended the First CA World Service Retreat. (Johnny S. 3) He brought jackets and coats in his car to the retreat because they often had an outdoor meeting in the cemetery at the priory. [It is assumed he lived locally and was able to do this for those who traveled some distance]. At one of their meetings in the cemetery, Lionel reached in his pocket and discovered a bag of cocaine. “The service structure could have been blown apart in about 20 seconds and what was funny was no one knew what to do. We all froze and we're all looking at Lionel with his bag and we had to like get together and make a decision. We decided selling it was out of the question and what we decided to do was the only thing we could do, which was to let go absolutely and Lionel turned around and grabbed the bottom of the bag and waved it in the wind and all of a sudden, this white powder just flew over the desert and it was the most amazing experience because the service structure of world service had to surrender together, you know, and it was a magnificent moment.” (Johnny S., 2)
• In the beginning, each area’s CA group has their own logo. It is decided CA should have just one logo for all CAs so they (Johnny S. and others) came up with the words, “hope, faith, and willingness” to put on the chips but “willingness” was too long. So, Johnny S. had been watching a lot of shows about John Kennedy where the word “courage” often arose and he decided to replace “willingness” with “courage” because “when you come to Cocaine Anonymous, you don't have much hope and you don't have much faith but what you have is a little ounce of courage, a little ounce of courage to get you through that door, to pick up that phone and that little ounce of courage turns into a little hope. If you work the steps of Cocaine Anonymous, that little ounce of hope turns into a lot of faith and so we ended up using the word there.” (Johnny S., 2)
• Fifth meeting started in California is a Step Study on Mondays on Melrose. Johnny S. and Ray G. first met at one such meeting. (3)
• At the first business meeting, Ray G.—Office Manager (3), Johnny S.—Vice Chair, Gil _? —is elected Chairman of Cocaine Anonymous (Johnny S. -3). Also in attendance, Ken—Public Relations and Charlie—Secretary (3).
• CA included the AA Whatever Meeting in their CA Meeting Directory because that meeting (the original Thursday night AA meeting) had the most attendees. Johnny S. referred to the decision to include this meeting in their directory as “our first tradition break.” (3) At one time, the Whatever Meeting is listed in the CA meeting directory and the AA meeting directory at the same time. Attendees for this meeting often reached over 150. (Anonymous-21)
• According to Ray G., the second piece of CA literature developed is The First Thirty Days. (3)
• First daytime CA meeting is at the Kaufman and Broad building in Culver City and had about 30 members who were primarily unemployed. Johnny S. is the secretary of this meeting. They had a phone list and Johnny S. reports in this History Talk that “years later, we found the list and, of those thirty members, 28 were still sober, and still members of this fellowship.” (3)
• First nighttime meeting, the first late-night meeting is at Uncle John’s Pancake House in Santa Monica, California. The first late-night meeting had 65 attendees. Johnny S. reports that while he was cleaning up after the first meeting, a radio was on and broadcast that the “American Medical Association had just come to the conclusion that cocaine can be addictive.” (3)

• The following information excerpts are drawn from Allan Rosenthal, M.A., MFT’s website homepage copyright 2015: Rosenthal “has been in private practice for over 20 years…he is the founder of Cocaine Anonymous.” (11)

• Cocaine Addicts Anonymous (CAA) is founded in July 2009 due to some Cocaine Anonymous members in England disagreeing with CA’s premise that “meetings must be open to anybody with a desire to stop using any mind-altering substance.” Those members believe that “identification (with cocaine addiction specifically) is paramount.” Those members also believe that “only a cocaine addict can help another cocaine addict.” Therefore, they splintered off.
