# L I S T E R I N E

A Non-toxic, Non-irritant,  
Non-escharotic Antiseptic.

ABSOLUTELY SAFE, AGREEABLE, AND CONVENIENT.

Listerine is a well-proven antiseptic agent—an antizymotic—especially useful in the management of catarrhal conditions of the mucous membrane, adapted to internal use, and to make and maintain surgically clean—aseptic—all parts of the human body, whether by spray, injection, irrigation, atomization, inhalation, or simple local application.

FOR DISEASES OF THE URIC ACID DIATHESIS:

## Lambert's LITHIATED HYDRANGEA.

A remedy of acknowledged value in the treatment of all diseases of the urinary system, and of especial utility in the train of evil effects arising from a uric acid diathesis. A pamphlet of "Clippings" of editorials on this subject may be had by addressing:

LAMBERT PHARMACAL CO., St. Louis, U. S. A.

*Be assured of genuine Listerine by purchasing an original package.*
