Introduction:

Since incorporating as a Community Interest Company (CIC) in April 2010 the UKRF has supported the UK Recovery Walk in Glasgow (Sep 2010), organised a UK UKRF conference (May 2010) and facilitated (in ‘partnership’ with N/W NTA) a North-West Recovery Conference (September 2010). We have managed to establish a limited UK profile and begun to generate a huge amount of interest within Recovery Communities (and in other quarters) across the UK. We are currently engaged in development work in Lancashire, Cumbria, Merseyside, the Eastern Region, East Midlands, Wales and the South East.

This draft Mission Plan has been produced for the UKRF meeting that will take place on the 31st of January 2011 in Liverpool. It is hoped that it will generate thought, reflection and contributions from meeting participants.

UKRF Company Objects:

“To carry on activities which benefit the community and in particular (without limitation);

To establish a UK network of individuals and organisations that will support local, regional and national community-led recovery initiatives.

To support the establishment of recovery advocates in all UK regions.

To promote and celebrate positive aspects of recovery.

To organise and mobilise the thousands of UK citizens in recovery/recuperating.

To change public perceptions of recovery and support the promotion of effective public policy in the UK.

To support individuals, communities and organisations in putting a ‘face’ on recovery.
To support the development and establishment of enhanced recovery capital within communities.

To provide infrastructure support to Recovery Networks, communities and organisations.
